

OSHA CUT 5

FEATURES:

1. The entire double palm with silicon dotted.
2. Dual density Thermal Plastic Rubber (TPR) disperses forceful impact to the knuckles and metacarpals.
3. Dual density TPR provides pinch-point protection to the fingertips with dedicated flex areas for easy finger mobility.
4. Internal 2mm EVA foam insert absorbs and disperses impact to the top of the hand.
5. Additional synthetic panels reinforce high wear areas on the palm and thumb.
6. PVC bonded dots disperse liquids and enhance grip while reducing abrasion to the entire palm.
7. Top layer of synthetic palm is anatomically cut in flex areas to reduce bunching and material overlap.
8. Machine washable.

INTENDED USE:

- Oil & Gas
- Mining
- Heavy Equipment Operation
